 Coating Inspector (Cert. 2021)

AZIZ YUCETEPE

WELDING SUPERVISOR & INSPECTOR

 PROFESSIONAL PROFILE

Petroleum & Gas Industry - Power Industry - Petrochemical Industry
Significant experience gained in the welding and fabrication industry. Working Offshore/onshore Power stations, petrochemical plants, and oil refineries at fabrication yards on green field sites and live installations.

Welding Opr. / Welding Inspector / Supervisor / Trainer (33 Years), taking full responsibility for Production welds made on sites. Expert in deployment of welding crews and compliance with approved Welding Procedures and protocols. Overseeing and ensuring the quality of workmanship as per client specifications.

Proficient in calling up intermediate and final N.D.E, carrying out welder qualification tests using approved welding procedures in adherence to client specifications in conjunction with **ASME IX / B31.3 / EN 287-288 / API 1104 / BS 4515**.

 TECHNICAL EXPERTISE

- Experience gained in power plants, refineries, oil & gas processes plants, on-shore gas & oil pipelines, process piping, low pressure & storage tanks, and heavy steel structures.
- Deep experience in fabrication and erection of piping, boilers, pressure vessels, furnaces, tanks, heaters, and structural steels.
- Expert skills in preparation of spooling, weld map, pressure test packs, piping & weld log books, and fabrication/erection progress follow-up records.
- Sound experience with International codes and standards: **ISO, DIN, EN, BS, ASME, ASTM, ANSI, ASNT & API**.
- Exceptional knowledge of multi-national company specifications like BP, Exxon Mobil, Fluor, Technip, TR, Mitsubishi.
- Experience in quality and welding inspection, NDT testing (VT, PT), and welder's qualification.
- Hands-on experience with SMAW, GTAW, GMAW / GS-FCAW, SAW, and fusion cutting processes.
- Experience in welding and quality inspection of Carbon Steels, Low Temperature CS, SS, Duplex and Super Duplex Stainless steels, Alloy steels.

AZIZ YUCETEPE | WORK EXPERIENCE

 WORK EXPERIENCE

 **Welding Supervisor**

2024 – 2025

JGC Construction Co. / ILK Construction / *Basrah, Iraq*

Project: Basrah Refinery Upgrading Project GC2 Package

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities (piping and plates).
- Coordination with construction management and cooperation with Quality control for all welding concerns.
- Supervision of all the welders (SMAW, GTAW) during the performance of the works.
- Reporting compilation of all final QA / QC, NDT and Progress Follow-up etc.

 **Welding Supervisor**

2022 – 2024

Maire Technimont – KT / ILK Construction / *Baku, Azerbaijan*

Project: HAOR Modernization Project

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities (piping and plates).
- Coordination with construction management and cooperation with Quality control for all welding concerns.
- Supervision of all the welders (SMAW, GTAW) during the performance of the works.
- Reporting compilation of all final QA / QC, NDT and Progress Follow-up etc.

 **Welding Supervisor**

2021 – 2022

Socar / Tecnicas Reunidas (Prokon/Gomag) / *Baku, Azerbaijan*

Project: HAOR Modernization Project

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities.
- Coordination with construction management and cooperation with Quality control.
- Supervision of all the welders (SMAW, GTAW).

 **Welding Supervisor**

2020 – 2021

MNPZ / SODCAR Construction / *Mozyr, Belarus*

Project: MNPZ HydroCracker Unit

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities.
- Supervision of all the welders (SMAW, GTAW).
- Reporting compilation of all final QA / QC, NDT and Progress Follow-up etc.

Page 2

AZIZ YUCETEPE | WORK EXPERIENCE (CONT.)

 **Welding Supervisor**

2019 – 2020

TechnipPMC / Ustay Construction / *Sumqayıt, Azerbaijan*

Project: Azerikinya – EP300

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities.
- Coordination with construction management and cooperation with Quality control.
- Supervision of all the welders (SMAW, GTAW).

 **Welding Supervisor**

2017 – 2019

Maire Technimont – KT / Ustay Construction / *Sumqayıt, Azerbaijan*

Project: Socar Polymer – Sumgayit PP / HDPE Production Facility

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities.
- Supervision of all the welders (SMAW, GTAW).
- Reporting compilation of all final QA / QC, NDT and Progress Follow-up etc.

 **Welding Supervisor**

2015 – 2017

BP / ATA Consortium (Arneec-Tekfen-Azfen) / *Baku, Azerbaijan*

Project: Shah-Deniz-Stage-2-SD2 Fabrication-Offshore Facilities

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities.
- Coordination with construction management and cooperation with Quality control.
- Supervision of all the welders (SMAW, GTAW).

 **Welding Foreman**

2013 – 2015

SOCAR / Tekfen Construction / *Baku, Azerbaijan*

Project: Baku Olympic Stadium Project

- Supervision on Piping Fabrication & Erection welding.
- Responsible for organizing material and personnel for all welding activities.
- Coordination with construction management and cooperation with Quality control.
- Supervision of all the welders (SMAW, GTAW).

Page 3

AZIZ YUCETEPE | WORK EXPERIENCE (CONT.)

 **Welding Supervisor**

2010 – 2011

CES Consulting / Gulf Drilling Supply FZA / *Oguz, Azerbaijan*

Project: OGB Water Pipeline D.B

- Supervision on Drilling Borehole Piping Fabrication & Erection.
- Responsible for organizing material and personnel for all welding activities.
- Supervision of all the welders (SMAW, GTAW).

 **Welding Supervisor**

2008 – 2010

CES Consulting / Arsan & Ozalp JV / *Oguz, Azerbaijan*

Project: OGB Water Pipeline D.B

- Supervision on Drilling Borehole Piping Fabrication & Erection.
- Responsible for organizing material and personnel for all welding activities.
- Coordination with construction management and cooperation with Quality control.

 **Welding Supervisor**

2007 – 2008

AIOC / Entrepore Contracting / TML / *Baku, Azerbaijan*

Project: Sangachal Terminal 2nd Produced Water Tank Construction

- Supervision on Erection welding of 21000 m3 capacity Produced water T.
- Responsible for organizing material and personnel for all welding activities.
- Coordination with construction management and cooperation with Quality control.
- Supervision of all the welders (SMAW, GTAW, SAW).

 **HANDS-ON EXPERIENCE (WELDER 1991 - 2007)**

 **Welder**

2006 – 2007

AIOC / Tekfen Construction / *Baku, Azerbaijan*

Project: COP-WC-PDQ-Fabrication Topsides

- Working on Fabrication & Erection of TPG 500 off-shore platforms.
- Welding on (GTAW / FCAW-GS / SMAW) welding Processes.
- Materials: Carbon steel, Low Temp CS, SS, Cu-Ni, Duplex SS, Super Duplex SS with Corrosion Test Acc.

 **Welder**

2005 – 2006

AIOC / Technip, MQS / *Baku, Azerbaijan*

Project: TPG 500 outside North Sea

- Working on Fabrication & Erection of TPG 500 off-shore platforms.
- Welding on (GTAW / FCAW-GS / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, Cu-Ni, Duplex SS, Super Duplex SS with Corrosion Test Acc.

Page 4

AZIZ YUCETEPE | WELDER HISTORY (CONT.)

 **Welder**

2004 – 2005

BTC & SCP / CCC / *Baku, Azerbaijan*

Project: AGT Pipeline

- Working on Fabrication and pipeline of AGT pipeline. 1/2" and over.
- Welding on (GTAW / SMAW) welding Processes Up-Hill and Down-Hill.
- Materials: Carbon steel, Low Temp CS, Stainless steel Test Accepted.

 **Welder**

2003 – 2004

BP / Tekfen Construction / *Baku, Azerbaijan*

Project: Sangachal Terminal E.P

- Working on Fabrication and at site of Expansion Terminal 1/2" and over.
- Welding on (GTAW / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, Duplex SS, Super Duplex SS Test Accepted.

 **Welder**

2001 – 2003

Azereenergy / Mitsui / Epro / TML / *Baku, Azerbaijan*

Project: Severmaya 400 MW Gas Combined Cycle Power Plant

- Working on Fabrication and at site of Power plant 1/2" and over.
- Welding on (GTAW / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, P91, P22, P11 Test Accepted.

 **Welder**

2000 – 2001

Tupras / Epro / Entes / *Izmit, Turkey*

Project: Isomerization Unit

- Working on Fabrication and at site of Tupras 1/2" and over.
- Materials: Carbon steel, Low Temp CS, SS, P91, P22, P11 Test Accepted.

 **Welder**

1999 – 2000

Tupras / FWI & Gama / *Izmit, Turkey*

Project: CCR & Isomerization units

- Working on Fabrication and at site of Tupras 1/2" and over.
- Welding on (GTAW / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, P91, P22, P11 Test Accepted.

 **Welder**

1997 – 1998

Uzbekneftegas / Tekfen Construction / *Fergana, Uzbekistan*

Project: Fergana Oil Refinery

- Working on Fabrication and at site of Gas Refinery 1/2" and over.
- Welding on (GTAW / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, P91, P22, P11 Test Accepted.

Page 5

AZIZ YUCETEPE | WELDER HISTORY & REFERENCES

 **Welder**

1995 – 1997

Petkim / Engin Makina / *Izmit, Turkey*

Project: Etilen Polietilen Petkim

- Working on Fabrication and at site of Petkim 1/2" and over.
- Welding on (GTAW / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, P91, P22, P11 Test Accepted.

 **Welder**

1991 – 1993

Tupras / Atilla Dogan / *Izmit, Turkey*

Project: CCR & ISO Unit Tupras

- Working on Fabrication and at site of Tupras 1/2" and over.
- Welding on (GTAW / SMAW).
- Materials: Carbon steel, Low Temp CS, SS, P91, P22, P11 Test Accepted.
