

AZIZ YUCETEPE

Welding Supervisor & Inspector

PROFESSIONAL PROFILE & TECHNICAL SUMMARY

Welding Supervisor, Inspector, and Trainer with **32+ years of significant experience** in the Petroleum, Gas, and Power industries (Offshore/Onshore). Proven expertise in managing fabrication yards, greenfield sites, and live installations for piping, tanks, and heavy steel structures. Fully responsible for production welds, crew deployment, N.D.E. coordination, and QA/QC documentation (Weld Maps, Test Packs) in strict adherence to client specifications (BP, ExxonMobil, Fluor).

Possesses deep knowledge of international codes including **ASME IX, B31.3, B31.1, API 1104, EN 287-288, BS 4515, and EEMUA 158**. Skilled in conducting Safety Audits and Risk Assessments. Backed by a strong technical background (**15 Years**) as a Multi-Coded Welder with mastery in SMAW, GTAW, SAW, FCAW, and fully automated techniques using **Polysoude and Dimetrics** orbital welding heads on Carbon, Stainless, Duplex, and Alloy steels.

CERTIFICATES & TRAINING

- 3.1 Welding Inspector 2021
- Coating Inspector 2021
- RT Level-II (ASNT-CP-189)
- Permit to work Supervisor (BP)
- Advanced Safety Auditor (BP)
- Behavioral Safety Auditor Constr.
- Quality Mgmt (TUV) EN 473 RT, PT II course (TUV)
- Welding Inspection course (TWI)
- Coating Inspection course

WORK EXPERIENCE

Mechanical Works Manager

GREEN KARABAG | SIBA CONSULTANCY ENG. LTD. |

Caspian Tech. Supply — Lacin, Azerbaijan | 2025 – 2025

- **Project:** Malibey, Minkend, Qalaca, Terter HPP.
- Managed all piping, welding activities, and structural steel erection. Responsible for site organization, mechanical completion, and handover processes.

Welding Supervisor

SRC | JGC CONSTRUCTION CO. | ILK Construction —

Basra, Iraq | 2024 – 2025

- **Project:** Basrah Refinery Upgrading Project (GC2 Package).
- Supervised piping fabrication and erection welding. Managed welding crews (SMAW/GTAW), material coordination, and QA/QC - NDT follow-ups.

Welding Supervisor

SOCAR | MAIRE TECNIMONT – KT | ILK Construction —

Baku, Azerbaijan | 2022 – 2024

- **Project:** HAOR Modernization Project.
- Led welding operations for piping fabrication/erection. Coordinated with construction management on quality concerns and finalized QA/QC reporting.

Welding Supervisor

SOCAR | TECNICAS REUNIDAS | Gomag Energy — Baku, Azerbaijan | 2021 – 2022

- **Project:** HAOR Modernization Project.
- Supervised welding activities (SMAW, GTAW), resource allocation, and quality compliance during the Piping fabrication and erection phase.

Welding Supervisor

MNPZ | Socar Construction — Mozyr, Belarus | 2020 – 2021

- **Project:** MNPZ HydroCracker Unit.
- Oversaw high-pressure piping welding execution. Managed welder performance and ensured NDT Clearance and progress reporting.

Welding Supervisor

AZERIKIMYA | TECHNIPFMC | Ustay Construction — Sumqayit, Azerbaijan | 2019 – 2020

- **Project:** Azerikimya – EP30
- Responsible for site welding supervision, material organization, and strict adherence to project quality specifications.

Welding Supervisor

SOCAR | MAIRE TECNIMONT – KT | Ustay Construction — Sumqayit, Azerbaijan | 2017 – 2019

- **Project:** Socar Polymer / HDPE Facility.
- Managed welding activities for the HDPE facility construction, including crew supervision and QA/QC documentation handover.

Welding Supervisor

SOCAR | BP | ATA Consortium (Amec-Tekfen-Azfen) — Baku, Azerbaijan | 2015 – 2017

- **Project:** Shah-Deniz-Stage-2 (SD2) Fabrication.
- Supervised fabrication and erection welding for offshore project components, ensuring compliance with BP specifications (EEMUA 158/ASME).

Welding Foreman

SOCAR | Heerim Architects & Planners | Tekfen Construction — Baku, Azerbaijan | 2013 – 2015

- **Project:** Baku Olympic Stadium.
- Supervised heavy structural steel and piping welding. Managed welder qualification and daily fabrication progress.

Welding Foreman

SOCAR | BP | ATA Consortium (Amec-Tekfen-Azfen) — Baku, Azerbaijan | 2011 – 2013

- **Project:** WC-PDQ Topsides.
- Led welding crews on Topsides fabrication. Coordinated NDE activities and ensured HSE compliance during welding operations.

Piping & Welding Supervisor

AZERSU | CES CONSULTING | Gulf Drilling Supply FZA — Oguz, Azerbaijan | 2008 – 2011

- **Project:** OGB Water Pipeline Drilling Borehole.
- Supervised drilling borehole piping fabrication and erection, including material logistics and quality control.

Welding Supervisor

SOCAR | BP | Entrepose Contracting | TML Borova JV — Baku, Azerbaijan | 2007 – 2008

- **Project:** Sangachal Terminal 2nd Produced Water Tank.
- Supervised erection welding of a 21,000 m³ capacity Produced Water Tank (SMAW, GTAW, SAW), managing tank shell and bottom plate welding quality.

HANDS-ON EXPERIENCE (WELDER 1992 – 2007)

15 years of heavy industrial welding experience (SMAW, GTAW, FCAW, SAW) on Pipelines, Offshore Platforms, Refineries, and Power Plants. Proficient in Carbon Steel, Stainless, Duplex, Cu-Ni, P91, and P22 Materials.

- **Welder** | 2006 – 2007 | **AIOC (ATA Consortium)** | *Baku, Azerbaijan* | COP-WC-PDQ Topsides (TPG 500).
- **Welder** | 2005 – 2006 | **AIOC (Technip / MQS)** | *Baku, Azerbaijan* | TPG 500 Offshore Project.
- **Welder** | 2004 – 2005 | **BTC & SCP (CCC)** | *Baku, Azerbaijan* | AGT Pipeline. 1/2" and over pipeline welding.
- **Welder** | 2003 – 2004 | **BP (Tekfen / Azfen)** | *Baku, Azerbaijan* | Shah Deniz Sangachal Expansion Terminal.
- **Welder** | 2001 – 2003 | **Mitsui - Mitsubishi (TML Borova)** | *Baku, Azerbaijan* | Severnaya 400MW Power Plant.
- **Welder** | 2000 – 2001 | **Tupras (Entes)** | *Izmit, Turkey* | CCR & Isomerization Units. Refinery fabrication / erect.
- **Welder** | 1999 – 2000 | **Tupras (Gama)** | *Izmir, Turkey* | Isomerization Unit. Refinery piping (GTAW/SMAW).
- **Welder** | 1997 – 1998 | **Uzbekneftegas (Tekfen)** | *Uzbekistan* | Fergana Oil Refinery. Plant fabrication.
- **Welder** | 1995 – 1997 | **Petkim (Engin Makina)** | *Izmir, Turkey* | Ethylene Polyethylene Plant. Process piping.
- **Welder** | 1991 – 1993 | **Tupras (Atilla Dogan)** | *Izmir, Turkey* | CCR & ISO Unit. Refinery expansion works.
